

PSI 5

Trading Company

Control: (Spectrum/Amstrad versions)

In general all game options may be selected using the keyboard or joystick. Using the joystick functions move the highlighting or cursor to the appropriate place and press **FIRE**.

On the Spectrum the four cursor keys and CAPS SHIFT may be used to emulate the joystick. Alternatively you may make your selection from the Keyboard by pressing the key corresponding to the first letter or number of the desired command.

PSI-5

AMSTRAD PCW 8256/8512

Loading:

Boot CPM PLUS in the normal way, then insert game disk and type LOAD. Then press RETURN and game will load and run automatically.

Pour charger le jeu: Chargez CPM PLUS comme d'habitude, puis insérez le disque du jeu et tapez LOAD. Puis tapez RETURN et le jeu se chargera et se mettra en marche automatiquement.

Ladeanweisung: Laden Sie zuerst CPM PLUS. Legen Sie dann die Spieldiskette ein und tippen Sie LOAD und drücken dann die RETURN-Taste. Das Spiel startet automatisch.
